### **How does it work?**

Arizona gives taxpayers dollar-for-dollar credit on their income tax for giving money toward student extracurricular activities. This means when you file your AZ State income tax, you subtract your contribution from what you owe or add it to your refund!

### **Is there a limit?**

\$200 maximum if filing single/widowed

\$400 maximum if filing married/jointly

### **Can I contribute toward a particular activity?**

Yes, you choose which extracurricular activity you want your entire donation to support.

This year, choose to do something really smart about your tax bill — keep your money here in Lake Havasu City and support our students.

Tax Credits are a dollar-for-dollar subtraction from your AZ State Income Tax Bill.

You can contribute any time of the year, but the deadline for accepting tax credits for a current school year is April 15th.

Your tax credit donation is often times the only way some students are able to participate in extracurricular sports, clubs, and other educational opportunities.

Your tax credit will pay for participation fees, athletic and academic traveling expenses, leadership conferences, and more!

Telesis Center for Learning is a kindergarten through twelfth grade school committed to offering curriculum individually designed and delivered to meet the needs of each student in real preparation for lifelong learning.
